PROFESSIONAL PROFILE

Full Stack Developer and graduate of the University Technical Degree in Programming (UTN), with experience in web development, process automation, and solving operational needs. I work with JavaScript/TypeScript, React, Node.js, Nest.js, and Java Spring Boot, as well as relational and NoSQL databases. I am interested in developing clear, maintainable solutions focused on real-world problems.

EXPERIENCE

DORIAL S.A.S.

Dec 2025

Intelligence and Development Intern

- Developed a centralized web platform to improve the traceability of information and operational processes.
- Automated tasks using AutoHotkey v2 and image recognition.
- Implemented validations and error handling to improve automation reliability.
- Collaborated in a 5-member Agile team, developing iterative solutions for real business needs.

FEATURED PROJECTS

Full Stack TodoList

Node.js · Express · React · MongoDB · TypeScript

End-to-end task management application with REST architecture, global state management, and responsive design.

Urban Vibes - Ecommerce Backend

Java · Spring Boot · Spring Security · JWT · MySQL

Scalable e-commerce backend with secure authentication and data persistence.

Pin Dispatch Automation

AutoHotkey v2 · GUI Automation

Automation of operational workflows through event handling and visual interaction, aimed at reducing manual errors.

EDUCATION

UTN - National Technological University

2023 - 2025

University Technical Degree in Programming

Completed

TECHNICAL STACK

Frontend

React, TypeScript, Redux, HTML, CSS

Backend

Node.js, Express, Nest.js, Java, Spring Boot, Python

Databases

PostgreSQL, MySQL, MongoDB

Testing & APIs

Jest, Postman, REST APIs

Tools

Git, GitHub, Docker

Automation

AutoHotkey v2, GUI Automation

SKILLS

- Problem-solving
- Analytical thinking
- Teamwork
- Adaptability and continuous learning
- Effective communication
- Organization and time management
